CAMA Update:

A presentation was made by the Planning Staff to the Arapahoe County Commissioners on our request for zoning modification. The Board of County Commissioners has directed the Planning Staff to proceed with adding Amateur Motorsports as a Use by Special Review to the Agricultural Entertainment Zone Category.

We anticipate the process to modify the zoning regulation to be completed within the time necessary for CAMA to complete the preparation of our application for Use by Special Review.

This is a very exciting and positive milestone in our pursuit to develop a new race track for the Amateur Clubs.
